**BUSINESS INNOVATION WORKSHOPS**

**Conducted by Excalibur (UK) Ltd**

Being typical farmers we didn't go onto the course with a great deal of optimism, but we have to say that we were completely wrong. It is a fantastic course which initiates lateral thought towards new ideas whilst uniquely using your own skill base. John O'Connor conducts the course with efficiency and enthusiasm, ensuring that it is a very positive experience for all attending. We thoroughly recommend the course to any company to help move their business into new unforeseen areas. It is clever, innovative and well worth investing the time.
